

24HAYMARKET ANNOUNCES SPONSORSHIP OF EXCITING YOUNG SPORTING TALENT, EMMA WILSON

Windsurfer Emma Wilson among first British athletes selected for Team GB

24Haymarket, a leading private investment platform, is delighted to announce its sponsorship of Emma Wilson, Britain's top female windsurfer.

It was recently announced that Wilson has been selected to represent Team GB. At 20 years old, Wilson is the youngest of 12 British sailors selected and joins the likes of Olympic champions Hannah Mills and Giles Scott. Emma is the daughter of 1992 and 1996 Olympic windsurfer Penny Way.

Wilson is an exciting young talent with huge potential for success. She is a three-time World U19 Champion, claiming her first title at the age of 15. In 2018, she finished 4th at the World Championships and claimed her first senior medal with a bronze at the European Championships. Her excellent form has continued this year, winning silver at the 2019 European Championships and placing 4th at the recent Olympic Test Event in Japan.

Emma Wilson said: “I am delighted to represent 24Haymarket and hugely appreciative of their support as I prepare for the most important 10 months of my career to date. Being selected for Team GB is a dream come true and without the backing of 24Haymarket, realising that dream would be so much harder. I am very excited to see what we can achieve.”

Paul Tselentis, CEO of 24Haymarket, adds: “Emma is the world’s leading young female windsurfer amongst a generation of up and coming talent that is disrupting the established competition. 24Haymarket is proud to recognise, invest in and support her talent and potential. At 24Haymarket we encourage growth, innovation and passion.”
